

RULES FOR COMPLETING THE APPLICATION FORM FOR CARRYING OUT SPELEOLOGICAL EXPLORATION ACTIVITIES IN PICOS DE EUROPA NATIONAL PARK

1. The application form must be completed with a computer or, failing that, a hand with print and in capital letters, and be sent through the Autonomous Federation to the that the applicant club (Federation of origin) belongs to the Autonomous Federation of destination where the cavity to be explored is located (Fed. Asturiana, Fed. Cantabra or fed. Castilian and Leonese).

2. As applicant, the person in charge of the campaign must appear in the header of the form, that in any case he must participate, he will be in it and that, in addition, he will act as a liaison with the autonomous federation and before the administration of the natural space, taking responsibility of the veracity of the information contained in the application form.

3. This form is intended for the permit application before the administration of the National Park of the Picos de Europa, without prejudice to which, and depending on the Autonomous Community in which the campaign is developed, it may be necessary to obtain other authorizations from third parties administrations.

4. Along with the application, in the case of a new area, a letter from the president of the corresponding autonomous Federation, or equivalent body of the country of origin, where it is stated that said federation guarantees the technical and organizational capacity to perform the activity. In this case, it will also be essential to send to the federation of destination for the coordination and forecast of the work area and its subsequent delivery to the Park National, its limits correctly detailed on a 1/25000 scale map of the IGN, in addition to an Exploration Project that includes the objectives of the campaign and the main considerations in relation to it: expected number of participants, location of the camps, dates, etc.

The date of presentation of this documentation together with the corresponding application must be at least two months before the start of the activity.

5. In case of collaboration between several groups, in addition to the group responsible for the activity, the obligations described in the previous point will be extended to each and every one of them.

If it is a zone renewal with the same or the same participating groups of years above, it will suffice to process only the application through the federation of origin.

6. The applicant club undertakes to send a report of the activity carried out to the federation of destination, preferably in digital format and not on paper, with a view to its delivery to the administration of the Picos de Europa National Park, within the following six months to the end date of the authorized campaign. If an application for renewal of activities in the same area the following year, must have been sent previously or accompany the new application which, in this case, must be submitted before March 31.

7. In the event that it is planned to carry out tests with tracers throughout the campaign this end should be entered in the section for other consideration.
